ACKNOWLEDGEMENT

The consulting team from **Matengo Githae & Associates** thanks all Nairobi County Government and County Assembly Officials, Senior Management and staff who participated in the Annual Capacity and Performance Assessment. The officials made valuable contributions throughout the assessment and document review processes and provided useful information and insights to the assessors.

The consulting team liaised with the County Government Officials throughout the assessment process. The County Officials provided vital support by following up with departmental heads to avail all records and explanations that the consulting team required.

We sincerely acknowledge the contribution made by Ms. Alice Mundia, Acting Chief Accountant Credit Control who presided over the assessment entry meeting and set the tone for the superb cooperation and coordinated support that we received from all the County Government and County Assembly Officials, senior management and staff we interacted with during the assessment. She tirelessly coordinated the assessment exercise on behalf of the Nairobi City County Government and Nairobi City County Assembly.

We also want to thank Mr. Luke Gatimu, Chief Finance Officer for discussing with us some of the findings of the assuring us that the Annual Capacity and Performance Assessment program is welcome and its output will help the Nairobi City County to continuously improve its performance and service to the County residents at large. Ms. Alice Mundia also effectively presided over the exit meeting and ensured that at the end of the meeting no issues were left pending or unresolved. In addition, present in the exit meeting were; Dr. P. Mwangangi, Director Supply Chain Management and Ms. Clemencia Lukoye, Chief Human Resources Officer.

Finally, we want to acknowledge the entire Nairobi City County Government and Assembly staff that made our three-day fieldwork easy and enjoyable.

EXECUTIVE SUMMARY

The Government of Kenya developed a National Capacity Building Framework – NCBF, in 2013 to guide the implementation of its capacity building support for county governments. The program is a key part of the government’s Kenya Devolution Support Program - KDSP supported by the World Bank. The NCBF spans PFM, Planning and M&E, Human Resource Management, Devolution and Inter-Governmental Relations and Public Participation.

The Ministry of Devolution and Planning – MoDP, state department of devolution subsequently commissioned Matengo Githae & Associates to carry out an Annual Capacity and Performance Assessment – ACPA in forty seven counties. The ACPA assessment aims to achieve three complementary roles.

Evaluating the impact of capacity building support provided by national government and development partners under the NCBF will inform the introduction of a performance-based grant (the Capacity & Performance Grant, which will be introduced from FY 2016/17) to fund county executed capacity building and to increase the incentives for counties to proactively invest in their own capacity.

In preparation for the assessment process, MoDP carried out an induction and sensitization training to the consulting team to help them internalize the objectives of the ACPA, size of capacity and performance grants, County Government’s eligibility criteria, ACPA tool, and the ACPA assessment criteria.

This report documents the key issues that arose during the final assessment of Nairobi City County Government spanning the methodology used for the assessment, time plan and the overall process, summary of the results, summary of capacity building requirements and the need for follow – up, challenges in the assessment in general and the training methods.

Table 1: The summary of the assessment was summed as follows:

Achievements

The county has made considerable gains in human resource management where core staff in place and have the necessary qualifications, job descriptions adhere and are derived from national government joint CARPS report, skills & competency framework in place, accurate recruitment, appointment and promotion process is undertaken. Performance contracting is undertaken for senior staffs and staff performance appraisal assessment is done across the board. Human resource advisory committee in place, service re-engineering and rapid results initiatives (RRI) are also undertaken.

According to the assessment, the county has made considerable gains in Public Financial Management by adhering to the budget calendar as set out in the public financial management act and having submitted the relevant reports in time to the relevant authorities like Controller of Budget for the financial reports.

Weaknesses

Key areas of weakness was noted in Planning, Monitoring and Evaluation where not all sectors had monitoring and evaluation focal point, no central monitoring and evaluation of county projects was done. There was no evaluation of completed projects.

Civic education and public participation also witnessed some weakness and it was noted that the programmes currently undertaken relate to issues dealing with the citizens issues on service delivery.

In the area of Investment Implementation & Social and Environmental Performance, the main weakness was lack of a project completion register and also records to show the actual costs incurred for projects so as to ensure that projects were implemented according to costs. It was noted county environmental committee was not in place, members have been identified awaiting gazettelement and that not all projects undertaken by county government are screened for

compliance with environmental and social safeguard requirements unless it is very necessary EIA/NEMA approval is needed e.g. renovations, remodeling, modifications and certain extension.

Challenges

The challenges faced during the assessment include:

- IFMIS system experiencing downtime during the assessment and evidence from the system could not be exhaustively verified
- The involvement of the county assembly in the process was minimal only to the extent of the bills and acts passed and financial statements making it difficult to counter check some of the information

Areas of Improvement

Key areas of improvements include the following;

- Capacity building in IFMIS Hyperion module;
- Train audit committee to be effective;
- Putting in a place a project completion register
- Setting up of a competent and proactive centralized M&E unit that will lead and coordinate the activities of various sectional/departmental M&E units or staffs
- Development of a comprehensive M&E framework and system and training of M&E staff on result based M&E
- Enhancement of ICT infrastructure to all sub-counties in order to boost revenue collection and coordination of projects and all county activities;
- Review and adopt a new staffing plan that takes into account the annual staffing targets
- Training on project management to ensure projects are implemented within the budget estimates
- Provision of sufficient budget for maintenance of projects after their completion.
- Put in place a fully functional, with adequate staff and well-funded civic education and public participation unit to handle all civic education and public participation programs and activities
- Build capacity of staff in the environmental and social safeguards department in terms of resources, skills and approve environmental policy documents to undertake their work effectively.

1.0 METHODOLOGY, ASSESSMENT TEAM AND ACTIVITIES

1.1 Methodology

The consultants relied on the following activities in carrying out the capacity assessments

a) Entrance Meeting

The consultants held an entrance meeting with the top County Officials. The purpose was to provide the County Management with the opportunity to appreciate the purpose and objective of the exercise and to point out the need to support the exercise since its outcome would assist counties to strengthen their programmes and at the same time avail them with evidence to demonstrate change. This also provided the consultants with opportunity to conduct background review of the County and its operations from internal and external documents.

b) Data Administration

The consultants administered the questionnaire within three (3) working days. The consultants applied experiential learning (EL) to conduct Key group and other interviews, engaged with key Nairobi City County Government and County Assembly Officials, senior management and staff who were knowledgeable in areas that related to the ACPA assessment to identify key capacity building issues and areas.

The consultants also used compliance modeling (CM) and organization review (OR) to review whether Existing County Integrated Development Plan – CIDP, Annual Development Plans – ADP's, Budgets, Financial Reports, key project documents, policy documents and strategies; and departmental reports complied with underlying laws, regulations and were modeled to produce the intended results in compliance with current national government laws, guidelines, policies, regulations and ACPA participation and assessment guidelines; and action planning (AP) to develop capacity building recommendations.

c) Exit Meeting-Debriefing

The consultants held a debriefing session with the entire Nairobi City County team that also comprised members of county assembly to share the outcome of the assessment process. This was meant to iron out issues and any differences arising from the assessment process, and agree on the said issues if any in order to reduce any potential conflict on the outcome of the results, by explaining the basis for outcome.

The debriefing meeting agenda comprised of the following:

- Preliminary key findings and outcomes of the assessments.
- Sharing of the results.
- The level of information availed and the expectation from the manual
- The final scoring of the results.

1.2 Time Plan

The time plan for the assessment and respective activities is as shown below;

KRA 5: Investment implementation & Social and environmental performance	4
TOTAL SCORE	51

The following is a summary of findings on capacity building requirements of the county based on the assessment (overall indicative areas) listed by Key Result Areas.

a) Public Finance management

- Train staff on proficiency and use of IFMIS Hyperion module;
- Training of relevant staff and Audit Committee Members in compiling and dissemination of the monthly, quarterly and annual financial audits reports in line with relevant regulations;

- Capacity building on collection of own sources of revenues and ensuring that all own sources of income are automated
- Capacity building and sensitization on PFM requirements on publishing financial information is required for county government and assembly related departments
- Asset management with respect to annual verification of assets, assets tagging and having an asset register in place
- Procurement staff require training on the Public Procurement and Disposal Act 2015, related legislation and reporting obligation to the Public Procurement Regulatory Authority

b) Human Resources

- Staff rationalization for all these categories in accordance with the new scheme of service developed by SRC for the counties to be done.
- Develop an effective staffing plan with annual staffing targets and a revised skills and competency framework.
- Support performance improvement through specific industry focused short courses, trainings, workshops and conferences and local benchmarking

c) Environment and Social Safeguards

- Capacity building in screening of environmental social safeguards and follow up and implementation of EIA/EMP procedures.
- Gazette, induct and operationalize the County Environment Committee that has already been constituted in May 2017
- Put in place project completion register and build capacity of staff to be able to effectively update and maintain the register
- Training on project management to ensure project implementation within costs
- Strengthen Nairobi Solid Waste Management Act in place and a draft environmental management policy already in place and fast track any other acts to be able manage the environment effectively
- Short courses for key staff on EIAs/EMPs process; conducting public participation processes, support continuous professional development and accreditations;
- Participation in workshops and conferences arranged by professional bodies and special interest groups/networks (e.g. NEMA)No project completion register in place

d) Monitoring and Evaluation

- Putting in place a central M& E framework and policy
- Putting in place the County M& E Committee
- Induction training for M&E staff, departmental staff etc. on central M&E framework data and information collection, analysis and reporting for projects

- Training of staff on M&E systems, data and information collection for M&E, preparation of status/periodical progress reports and disseminations;
- Training of staff on “value for money” assessments and reporting for projects/investments

e) Civic Education & Public Participation

- There is need to review the staffing for the Public participation and Civic Education Department. The lean staffing in the department of one dedicated staff (Director of Civic Education) is not adequate.
- Capacity building and skills in setting up functional civic education units including developing the programs, curriculum and activities, development of tools and methods for civic education and setting up institutional systems and process for public participation

4.0 CHALLENGES IN THE ASSESSMENT

The following were some of the key challenges encountered during the process of undertaking the assignment.

- IFMIS system experiencing downtime during the assessment and evidence from the system could not be exhaustively verified
- The involvement of the county assembly in the process was minimal only to the extent of the bills and acts passed and financial statements making it difficult to counter check some of the information

5.0 SPECIFIC AND GENERAL COMMENTS TO INDIVIDUAL ASPECTS OF THE ASSESSMENT PROCESS

Issues raised and respective recommendations made by individual aspect of assessment, i.e. MACs, MPCs and PMs are provided in the following sections 5.1 to 5.3.

5.1 MAC's

The documents were availed

5.2 MPC's

- The financial statements for the financial year 2015/16 were audited. This condition was not met as the Auditor General indicated that he was not able to obtain sufficient evidence to provide a basis for an audit opinion.
- Planning requirements are met with minimal gaps identified in the assessment
- Procurement indicators were met with the Consolidated Procurement Plan in place for the current Financial Year in place.
- Core Staff in place was fully met.
- Environmental and Social Safeguards systems were not fully met because there was no County Environment Committee in place.
- Citizen's Complaint system was met.

5.3 PMs

KRA 1: Public Finance Management

The following observations were made:

- County needs to adopt the IFMIS Hyperion method in budget preparation
- Revenue reduced by 1.6% unlike the expected increase of 10% hence the need to make effort to increase the revenue collection
- Own revenue sources collection through automation is 76%. Need to automate the entire revenue collection system
- Though a monthly summary of income and expenditure, comprehensive financial statements were not prepared. There is need to sensitize the staff and relevant stakeholders on the need for the same
- Asset Register not up to date
- Audit Committee in place but only monthly audit reports done. The quarterly reports are not done as expected
- Procurement: use of the IFMIS system is not as expected since as observed only 13 steps are done via the portal
- No PPRA reports were availed. There is need to ensure that the reports are done in a timely manner
- There was adequate space for the procurement files

KRA 2: Planning and Monitoring & Evaluation

The following was observed:

- M&E Committee: Evidence of nomination of persons to join the committee was availed but no evidence of minutes to show that the committee has ever met hence the need to make it operationalised
- There is need to have a focal M&E officer in each sector. Currently there are M & E Officers in Planning, Health, Roads and Public Service Management. The county should ensure that there are M & E officers in each sector
- No evaluation of CIDP Projects – ensure projects are evaluated after completion
- Due to lack of a centralized M&E, it is difficult to link between CIDP, ADP and budget, so put in place a centralized M& E framework and policy
- There was a County Annual Progress Report produced on an annual basis

KRA 3: Human Resource

- No approved staffing plan and annual staff targets in place, therefore fast tract the process of getting approval by the executive and adopted by county public service board and update the staff targets annually
- Staff appraisal and performance contracting system in place
- RRI and service re-engineering were in place

KRA 4: Civic Education and Participation

- There is a unit that deals with public participation under the Sub County sector. However, there is need to consolidate all civic education and public participation issues into one department and allocate enough dedicated staffs to handle all issues from a centralized point in coordination with other sectors or line ministries all the way to the ward levels. There is a director of Civic Education under the Public Service Management Sector
- There are no tools and methods for Civic Education developed
- There is need to partner with NGOs in rolling out civic education activities
- There is a Public Participation Act in place

KRA 5 Investments and Social Environment Performance

- No project completion register in place
- Project implemented according to cost estimates was difficult to calculate due to records not being centralized
- Specific maintenance budgets of completed projects needs to be in place
- There are no regular environmental awareness campaigns
- Very few of the county funded projects are screened and this needs to be enforced to take a lead in EIAs
- The County Environment Committee was reconstituted in May 2017 and there is need for it to be gazetted and made operational.

- Nairobi Solid Waste Management act in place and a draft environmental management policy in place.

6.0 NOTIFICATION OF DISAGREEMENT WITH THE OUTCOME OF THE ASSESSMENT ALREADY NOTED DURING THE FIELD-TRIP

- No notice of disagreement was noted as the team gave an overview of their experience during the assessment and a highlight of the weak areas that needed improvement and which the County staff admitted as a need.
- None of the Quality assurance variation issues have arose so far on the assessment report.

7.0 OVERVIEW OF THE 5 WEAKEST PERFORMANCES

Agenda

1. Introductions by County Officials
2. Matengo Githae & Associates presentation
3. Conclusion

Min 1: Introductions by County Officials

The meeting started with a word of prayer from one of the Nairobi government county officials.

The KDSP delegated focal point person Alice Mundia Ag. Chief Accountant Credit Control welcomed the entire team to Nairobi County and asked all the people present to introduce themselves.

She indicated that the County was ready for the assessment and would co-operate in the entire process. All Key Result Areas were represented at the meeting.

Min 2: Matengo Githae & Associates Presentation

The team leader introduced the Consulting team and thanked Nairobi County Government for their warm welcome.

She took the members present through the ACPA processes and made the following remarks:

- The ACPA is done every year from September to November but due to unavoidable circumstances it had been delayed;
- The assessment evaluates the impact of the grant disbursement;
- Results will be published in the National Gazette;
- The main requirements that must be submitted to the assessors are the MACs, MPCs and PMs;
- The assessment is meant to be for access to the level 2 grants hence the level 1 grants will not be affected in any way;
- It was noted that this is not an audit exercise but an assessment exercise that should be independently done;
- The exercise would take three days and would be purely evidence based and requested that the county officials cooperate to ensure a smooth assessment process.

The county officials assured the consulting team that they would co-operate fully.

The process would be done KRA wise starting with Public Finance Management and Planning, Monitoring and Evaluation on the first day and the rest of the KRAs would follow after that.

It was agreed that there would be an exit meeting on Wednesday at 3pm afternoon, July 26th 2017.

There being no other business the meeting ended at 11.05 Am.

Agenda

1. Key findings of the assessment and recommendations from consultants
2. Responses from County Government and Recommendations
3. Any disagreement and the final resolution

The meeting started with a word of prayer from Mrs. Clemencia Lukoye Chief Human Resource Officer. The meeting was chaired by Alice Mundia Ag. Chief Accountant Credit Control for Nairobi County Government who is also the focal person. She thanked the entire team for a job well done and invited the team leader of MGA to take the meeting through the findings of the assessment.

The team leader thanked the entire team for participating and coordinating in the exercise and took the meeting through the following:

Min 1: Key Findings of the Assessment

The Team leader took the meeting through the general findings and areas of weaknesses as follows:

Minimum Access Conditions (MAC)

The county met the minimum access conditions by signing the participation agreement and developing a CB Plan for 2016/17 and 2017/18

Minimum Performance Conditions (MPCs)

The following MPCs was not met

1. No Consolidated Procurement plan for county executive and assembly
2. Environmental Safeguards not in place due to the lack of a functioning County Environmental Committee

Performance Measures (PMs)

KRA 1: Public Financial Management

- The County not using IFMIS Hyperion for budget preparation
- Revenue reduced by 1.6% unlike the expected increase of 10%
- Asset Register not up to date
- Own sources collection through automation is 76%
- Audit Committee in place but only monthly audit reports done. The quarterly reports are not done as expected
- Procurement: use of the IFMIS system is not as expected since as observed only 13 steps are done via the portal
- No quarterly reports to PPRA were availed.

KRA 2: Planning and M&E

- M&E Committee: Nomination of persons to join the committee but no evidence that there are operational
- Focal M & E officer in all the sectors. Now there are M & E Officers in planning, health, roads and public service management.
- Due to lack of a centralized M&E, it is difficult to link between CIDP, ADP and budget
- No evaluation of CIDP Projects

KRA 3: Human Resource Management

- There is a staffing plan that is not approved
- Staff Annual targets in place but are not updated annually
- Staff appraisal and performance contracting systems in place
- RRI and Service Re-engineering done

KRA 4: Civic Education and Public Participation

- There is need to have a civic education department to educate the public on various issues and handle public participation
- Develop civic education tools, methods and programmes
- The county needs to partner with the right NGOs in matters of civic education

KRA 5: Investment Implementation and Social and Environment Performance

- No project completion register in place hence the need to ensure the register is in place and the projects completed according to cost
- Maintenance budgets were not in place
- Nairobi Solid Waste Management act in place and a draft environmental management policy
- The County Environmental Committee was reconstituted in May 2017 and there is need for it to be operational

Min 2: Responses from Nairobi County Government and Recommendations

The Consultants and County officials discussed the various issues raised and consultants gave some recommendations.

Performance Measures

KRA 1: Public Financial Management

1) *County needs to adopt the IFMIS Hyperion method in budget preparation*

Response and Recommendations: The treasury and county government should build capacity of the staff to be able to adopt the IFMIS Hyperion

2) *Revenue reduced by 1.6% unlike the expected increase of 10%*

Recommendations: They indicated that efforts would be made to ensure that there was an increase our own source of revenue collection.

3) *Asset Register not up to date*

Response and Recommendations: The register is being updated and will be complete by end of August 2017. It was suggested that the register should be updated regularly. The assets should also be tagged.

There is in place a County Assets and Liabilities Committee that is currently compiling the list of all assets and liabilities of the County including the assets inherited from the defunct Local Authorities

4) *Own sources collection through automation is 76%*

Response and Recommendations: There is need to automate the entire revenue collection. There is need to train the staff and invest in technology to ensure all the revenue collected is automated.

5) *Audit Committee in place but only monthly audit reports done. The quarterly reports are not done as expected*

Response and Recommendations: The audit committee has just started their term and it was hoped that the quarterly reports will now be done regularly.

It was suggested that there is need to have regular quarterly reports done on time

6) *Procurement: use of the IFMIS system is not as expected since as observed only less 13 steps are done via the portal*

Response and Recommendations: It is a finding across the board and the government's intervention through the treasury will be required

7) *No PPRA reports availed*

Recommendation: Going forward it will be done as required

KRA 2: Planning and M&E

1) *M&E Committee: Nomination of persons to join the committee but no evidence that there are operational*

2) *Focal M & E officer in all the sectors. Now there is M & E Officer in planning, health, roads and public service management.*

Response and Recommendations: Each department requires having an M&E officer to facilitate the planning and M&E functions and the Committee needs to be operational at the earliest

3) *Due to lack of a centralized M&E, it is difficult to link between CIDP, ADP and budget*

Response: CIDP was developed in a hurry so that the county could access funds and thus the challenge when linking with the ADP and the actual budget placed in the various sectors. This is because the costing of projects was not realistic. There is a strategic plan in place, which runs from 2015 to 2025, which will be used in coming up with a revised CIDP for the year 2018 to 2022

Recommendations: The centralized M&E is meant to help the county link all projects that the county

4) *No evaluation of CIDP Projects*

Response: The service delivery unit in the county conducts the exercise

Recommendations: Projects should be evaluated on an annual basis.

KRA 3: Human Resource Management

1. *There is a staffing plan in place but it is not approved*

Recommendation: The staffing plan should be approved by the county executive then forwarded to the public service board for adoption

2. *Staff Annual targets*

Response: Annual targets are in the performance contracts given to the staff members

Recommendations: The staff annual targets are meant to give a clear analysis of any gaps in staff numbers that are viewed in the various departments and how the county plans to bridge the gaps in terms of increasing staff numbers

KRA 4: Civic Education and Public Participation

1. There is need to have a civic education department to educate the public on various issues and handle public participation that will develop civic education tools, methods and programmes

Response and Recommendation: Besides having a focal person in place, there should be a dedicated department and program roll out for all activities happening in the county on civic education. The civic education unit needs to be strengthened to become efficient.

The unit will be responsible for developing tools, methods, programmes and rolling out civic education in the county

2. The county needs to partner with the right NGOs in matters of civic education

Response: There are various NGOs involved to facilitate civic education and public participation programs. The County needs to collaborate with some of them to roll out civic education

KRA 5: Investment Implementation and Social and Environment Performance

- 1) *No project completion register in place*

Response and Recommendations: There should be a completion register regardless of having a service delivery unit in place that handles reviewing of projects undertaken in the county and their completion rates

- 2) *Projects completed according to cost*

Response and Recommendation: the linkage between the budget and actual cost done in the projects completed can be provided to help in coming up with a project completion register according to cost estimates.

- 3) *Maintenance budget*

Recommendations: the maintenance budget will facilitate better service delivery in the county

Response: there is a line budget in place for all sectors within the county

- 4) *Nairobi Solid Waste Management act in place and an draft Environmental Management policy*

- 5) *The County Environment Committee was reconstituted in May 2017 and is not yet operational*

Response and Recommendation: The Environmental Committee should be Operationalised and the draft environmental management policy approved

Min 3: Any Other Business

The County team took the findings and the recommendations of the assessment process very positively and promised to implement the suggestions for improvement.

There being no other business a prayer was offered by Mr. Charles Kibuchi the Accountant and the meeting ended at 5.47pm.
