

DR. ALFRED N. MUTUA

GOVERNOR, MACHAKOS COUNTY

Manifesto

TIME FOR REAL CHANGE AND DEVELOPMENT. KUWETA NA KWIKA

WIPER

WIPER DEMOCRATIC MOVEMENT - KENYA

Time for change

Dr. Alfred Mutua is the best Governor Candidate for Machakos County. Machakos needs its first Governor to be someone who believes in change, has a clear and focused vision and has ability to work. Of all the candidates vying for the position of Governor, Dr. Mutua is the most experienced for the job (with both international and local government experience), most energetic, humble, respectful, visionary, and corrupt free. The office of the Governor requires an administrator not a practicing politician. Politicians (Ateti) have the offices of the Senator, MP, Women Representative, County Representative, Youth Representative etc. Governors should not be people who have been politicians. They should be administrators with strong qualifications and experience. They should be like our son of Machakos County Dr. Alfred Nganga Mutua.

MANIFESTO

We cannot develop if we continue doing things the

same way. We need to be bold and creative. We also need to work with SPEED to bring immediate real change and development.

TACKLING BASICS OF LIFE

Majority of people in Machakos County are very poor. We are still struggling with lack of the basics of life. We CANNOT develop unless we first eliminate 'mathina ma ukya' – abject poverty

1. WATER

A new paradigm of solving the water problem once and for all. WATER TO EACH OF THE 300,000 HOUSEHOLDS IN MACHAKOS COUNTRY

- **Two tractors for every sub-location** – an excavator and grader @ Kshs.2.1 M each x 247 sub-locations x 2 = **1.03 billion**
- **20 borehole drilling rigs @ 5 M each = 100 million**
- The equipment to harvest water within 6 – 8 months in every sub-location – dams and **360 boreholes**
- Piping tanks, 500 million, tanks 300 million, labour and operating costs **630 million**

TOTAL: KSHS. 2.5 BILLION

Lack of water is our biggest enemy. We will fight it with everything we have.

MURRAM from excavated dams

to be used to grade roads in all sub-locations. All roads in the county to be all-weather. Equipment to be leased to other counties, national government e.t.c. to generate revenue for the county.

2. HEALTH

- Convert a dispensary in every sub-location to a Community Hospital to meet World Health Organization (WHO) standards of a hospital every 5 kilometers. We add a few rooms in every health centre for bed wards, maternity, mini-theatre, laboratory, x-ray etc. We also build a Doctors and Nurses quarters to attract health care personnel.
- Spend 300 million to purchase and equip ambulances for every location – (no one will ever be carried on wheelbarrows to hospitals.) Ambulances placed in strategic places as per an EMERGENCY RESPONSE SYSTEM

3.

SECURITY

- Increase police presence and response. We will provide **2 cars and motorcycles for each of the 69 locations.**
 - Spend **Kshs.200 Million to purchase 150 cars.** Each car to cost about Kshs.800, 000/= plus Kshs.100, 000/= to equip with police sirens and gadgets.
 - Allocate **Kshs.150 million per year for fuel and service of the cars every year**, that is: Kshs.2, 500 per day for fuel and Kshs.50,000 per month as stand-by monies for service and repairs, per car. In Machakos, when you call the police, they will come immediately.
- Increase police morale so that they can work better. Spend

Kshs.600 million in the next 5 years to build decent police housing and stations.

iii. **MAKE MACHAKOS COUNTY A CRIME FREE ZONE – WAKORA WAHAME!!!**

4. FOOD

The time for (mwolyo) food aid is over! *Ivinda ya kuetewa mwolyo nithelile.*

I will implement the Subsidy system as practiced in Australia, Japan, Canada and recently Malawi. Increase cultivated land in Machakos County from about 20% to 60% in year and up to 80% by year three.

- Provide free tractors
- Provide free seed
- Provide free fertilizer
- Maximize on the rain by planting early
- Build silos and storage (Makumbi) in every District.
- To obtain equipment from donors: seeds and fertilizers from National Government.

5. EDUCATION AND SOCIAL WELFARE

- a. Highest standards to be enforced to ensure students get good education, construction of classes continue
- b. Poly-technics in one out of three locations to give skills to the youth.
- c. Set up Machakos innovation centre.
- d. County to give churches and other religious groups to undertake social welfare services such as running homes and caring for the disadvantaged.

6. WEALTH CREATION

Allocate **Kshs.500 million (Half a billion) to purchase food from the farmers** so that they can get money for their upkeep.

7. JOB CREATION – SUSTENANCE

Hold quarterly employment forums to give opportunities to youth. Establish first fruit factories and other manufacturing industries in every constituency to provide employment

8. TOURISM AND CULTURAL CENTERS

Machakos Convention Centre (MCC) to be constructed to bring conference tourism to Machakos – using private public partnership (PPP). County to avail land for hotels to be built and tourism centers set up.

9. SAND HARVESTING

County policy regulating the harvesting and the market price of sand so as to benefit Machkos residents

while protecting the environment.

10. MODERN, CLEAN AND EFFICIENT MARKETS

Markets to be constructed in modern ways to ensure better working environment for traders and customers. Normal levy sketched by the county to be used for these services.

11. PROPER LAND USE AND TITLE DEEDS

An affirmative and immediate action to provide title deeds to all who have land. Public land to be protected from grabbers.

County to provide land for investment through concession and tax breaks and waivers to businesses so that they can expand and provide jobs.

DEVELOPMENT PROJECTS TO MAKE THE COUNTY RICH

12. MOBILITY - ROAD AND TRANSPORT SYSTEM

Invite investors to participate in Design, Build and operate and Transfer (DBOT) concessions. All the major connectivity and link roads to be tarmacked using DBOT and other revenue. Every road to be made all-weather in the 1st 5 years and tarma-

cked by end of 10 years.

13. RAILWAY AND AIRPORT LINK

Commuter train link, through Private Public Partnership (PPP) linking all of Machakos towns.

Partnership with public transport (matatu and bus owners) in the venture.

Airport - Four kilometer runway – 06 in

Konza to act as an alternative to Eldoret Airport – bringing cargo and jobs to Machakos and exporting fruits, flowers etc.

14. ENERGY – ELECTRICITY AND GAS

As Rural Electrification expands, we will focus on our natural resources and renewable energy. We will cash in on International

funding to promote the use of solar, bio-fuel and other sources of alternative energy.

Using our experience in Government, we will lobby for expansion of the railway electrification program so that every village has power in 3 years and ever villages a few years after.

15. INVESTOR FORUM

The funds for developing Machakos will come from investors through private public partnership (PPP). I will use my International contacts and experience in Government to host a yearly International Investor's Conference in Machakos to bring funds.

WHY DR. ALFRED MUTUA?

Dr. Alfred Nganga Mutua was born in Vyula, Masii, Mwala, Machakos and has a home on Mua road, Kitanga/Mathatani, Machakos District. He holds a Bachelors of Arts degree in Journalism, A Masters of Science in Communication and a PhD in Communication and Media.

A family man, he has studied, lived and worked in Kenya, United States, Australia, United Arab Emirates (Dubai and Abu Dhabi) and travelled widely. His qualities for a Governor are:

EXPERIENCE

1. Local and International experience – worked in the Cabinet and Presidency Affairs Office for eight and a half years. Lived and worked overseas in USA, Australia, United Arab Emirates e.t.c. for 14 years. Has worked as a lecturer, journalist, communication director, consultant and Government Advisor and Spokesperson. Access to many contacts in Asia, America, Europe and Africa.
2. Knows how to set-up a Government office from scratch (set up the Government Spokespersons' Office) and can set up Governor's office and country structures fast and efficiently.
3. Experience in the organization of Government – from recruitment, budgeting to implementation of projects.
4. One of the architects of Vision 2030 including Konza City.
5. Participated in the formation of the Grand Coalition Government and understands peace, harmony and stability.
6. Carried out many water, roads, electricity and education projects in Ukambani and other parts of the nation.
7. Has undertaken successful business ventures (has a TV/Film production company that produced Cobra Squad, Beba

beba, Passion magazine etc) and understands how to facilitate the private sector. Will set up Machakos as a film destination – our own MACHAHOOD.

8. Understands private public partnership (PPP) to attract investors and how to access international funds for development.
9. Blessed with education both locally and internationally to doctoral level. Has worked with well with professionals, both local and international consultants and project implementers and understands well economic structures and international working styles.
10. A vision of a united and nationalistic people, working together – coined the 'Najivuni kuwa Mkenya' slogan

HUMBLE AND RESPECTFUL

Dr. Mutua is NOT boisterous but is humble and listens to all. He believes that leaders should respect all – young and old regardless of gender, class or political presentation. Dr. Mutua is not vengeful and respects the opinions of others – especially experts and international developers.

YOUNG, VISIONARY AND FOCUSED

Our County needs a hard worker who will serve the people with energy, zeal, vision and clear focus. Dr. Mutua is the best candidate with all these qualities.

INTEGRITY

Dr. Mutua served in President Kibaki's Government for eight and a half years and was never involved in corruption. He is honest and a man of integrity. Unlike some candidates, he has not been mentioned in stealing of public land in Athi River or other scams. He is clean.

In the same way that you cannot send a dog to take meat to the kitchen, in the same way, if you have a corrupt Governor, he or she will eat and you remain poor forever.

Dr. Mutua is the cleanest and right person who can be fully trusted with the County's money.

RUNNING MATE

Because I am from Upper Machakos (Born in Masii, Mwala, residing in Mua), my Deputy Governor will be from Lower Machakos (Yatta and Mas-ing).

The Deputy Governor will need to be an educated, vibrant and ethical person able to assist Dr. Mutua develop the County at a fast speed PARTY.

Dr. Alfred N. Mutua, I am a platinum member of the Wiper Democratic Party and a full supporter of the Party's agenda and Presidential Flag Bearer: Hon. Kalonzo Mosyoka.

WARNING/ONYO

According to our reading of the New Constitution and the situation in Kenya, Counties that have good Governors who have integrity, vision, strength and zeal to perform, will develop.

Counties that choose the right Governor will prosper and those that choose the wrong Governor will remain very poor for many many years.

Masaku, let us choose DR. ALFRED N. MUTUA because he is the only one who is more than able to realize all our dreams and aspirations.
