

COUNTY GOVERNMENT OF KIRINYAGA

KIRINYAGA COUNTY TRANSITION IMPLEMENTATION PLAN

MAY 2014

Office of the Governor
Kirinyaga County
P.O. Box 260 – 10034
KUTUS, KENYA
Email: Kirinyagacounty2013@gmail.com

FOREWARD

The County Government of Kirinyaga began to discharge its mandate as a county government in the last financial year of 2013/14. The year was mostly characterized by creating structures to run the different organs and departments in the county. Being the first year of the existence of county governments in Kenya, there were some transition challenges and delays in devolving the functions. Due to this, some key departments that required funding were either omitted or underfunded as well as other cost centers being allocated funds they were unable to spend during the last financial year.

This first CTIP Presents the plans for setting up and implementing functions, staff and structures to guide the transition period as provided for in the constitution. It is also from this CTIP that quarterly progress reports will be made on dates agreed with the Transition Authority and the Commission for the Implementation of the Constitution. The first of such progress reports expected should cover January- May 2014 and should reach CIC and TA by 15th June 2014. Subsequent reports should be on succeeding quarters, that is, June - August, 2014 to reach CIC and TA by the 15th of September 2014; September - November 2014, to reach CIC and TA by the 15th of December, 2014, and so on. TA and CIC shall use these reports to meet their statutory requirements under Section 16 of the TDGA act and other laws.

This being the first plan, it is expected that in future, within the transition period, as more functions are devolved, further items will be added to the plan, and the initial plan revised. Thus it should not be seen that this is the rigid final transition plan, there is still room for additions as necessary county legislations and guidelines come into place.

As it will be seen from the content of this plan, this transition plan will be frictionless when the County Assembly and County Executive Work in tandem. This frictionless cooperation between the two arms of Kirinyaga County Government is currently at its best and hopefully it will remain so.

This plan being a statutory requirement under the Transition to Devolved Government Act, enough financial resources will be channeled into the subsequent preparation of quarterly Progress Reports to ensure timely submission to the TA, CIC, with copies to the Summit and Council of Governors.

Lastly, greater emphasis will be put on development of regulations and policy framework to ensure the County Treasury work as required in the constitution of Kenya and the Public Finance Management Act. The nature of these regulations is well spelt out Section 8 of this Plan. In addition, strong emphasis will be laid on development of Kirinyaga County Monitoring and Evaluation System, and the legislation thereon, to ensure tracking of inputs, outputs and outcomes. To achieve this, the economic department will be strengthened and officers capacity build to ensure each expenditure has a target output.

Hon. Murimi Murage,

CEC Member Finance, Economic Planning, Marketing & ICT

ACKNOWLEDGEMENT

A lot of individual effort has been dedicated to the timely preparation of this CTIP, personal effort without which, actualization of this plan would not have been possible. Thus due gratitude is given where it is due.

Special gratitude to CTIP preparation coordinating team that worked tirelessly throughout the weekend to ensure that Kirinyaga County has a CTIP. These officers include Newton M Orondoh, Njuguna Paul, Mburu S. Ndungu, Albert Magondu, Anne Mirungu (Both from Economic Planning Department), Kamau I. Anthony (Human Resource), Anne Kathambi (County Treasury-accounts), Kago Samuel (County Assembly).

Special thanks likewise go to the invisible hands of various county officials who worked behind the scenes to ensure success of the preparation of this CTIP. While it is not possible to list all of them, we nevertheless single out the Clerk, County Assembly of Kirinyaga and Zephania Kiongo, Chief Finance Officer and head of treasury, accounts.

To these officers and all others not individually mentioned who took part in this exercise, you remain a credit to this county

Peter K. Gachathi

Ag. County Secretary

1.0 COUNTY BACKGROUND

Kirinyaga County is one of the 47 counties in Kenya and is located between latitudes $0^{\circ}1'$ and $0^{\circ}40'$ South and longitudes 37° and 38° East. The county borders Nyeri County to the North West, Murang'a County to the West and Embu County to the East and South. It covers an area of 1,478.1 square kilometers. The county lies between 1,158 metres and 5,380 metres above sea level in the South and at the Peak of Mt. Kenya respectively. Mt. Kenya which lies on the northern side greatly influences the landscape of the county as well as other topographical features.

The mountain area is characterized by prominent features from the peak, hanging and V-shaped valleys. The snow melting from the mountain forms the water tower for the rivers that drain in the county and other areas that lie south and west of the county. The Snow flows in natural streams that form a radial drainage system and drop to rivers with large water volumes downstream.

The county can be divided into three ecological zones; the lowland areas that fall between 1,158 metres to 2,000 metres above sea level, the midland areas that lie between 2,000 metres to 3,400 metres above sea level and the highland comprising areas of falling between 3,400 metres to 5,380 metres above sea level. The lowland area is characterised by gentle rolling plains that cover most of Mwea constituency. The midland area includes Ndia, Gichugu and Kirinyaga Central constituencies. The highland area covers the upper areas of Ndia, Gichugu and Central constituencies and the whole of the mountain area.

The county has four constituencies (namely Mwea, Ndia, Kirinyaga Central and Gichugu. Mwea), and twenty county assembly wards. From the Kenya Population and Housing Census 2009 report, the population of the county stood at 528,054 persons with an annual growth rate of 1.5 percent. The population is projected to be 552,359 in 2012 and 595, 379 in 2017. The population density for the County was 488 people per Km^2 in 2012 but expected to increase to 524 people per Km^2 in 2017.

Agriculture is the most important activity in the county with 87 percent of the total population deriving their livelihood from the sector and accounting for 72 percent of household income. Main crops include rice which is grown in paddies in the lower zones and tea which is grown in the upper parts of the county. Coffee is also a major crop grown in the upper and middle zones. Other major crops grown include bananas, tomatoes, beans, mangoes, maize and other horticultural crops. The main livestock bred in the county include indigenous chicke, layers, broilers, cattle, goats, sheep, bees, rabbits and fish.

The county has six major rivers namely; Sagana, Nyamindi, Rupingazi, Thiba, Rwamuthambi and Ragati, all of which drain into the Tana River. These rivers are the principal source of water in the county. The water from these rivers has been harnessed through canals to support irrigation at the lower zones of the county especially in Mwea. The rivers are also important sources of domestic water through various water supply schemes. The water resources, if optimally harnessed, can boost agricultural production in the county and contribute to sustained economic development and poverty reduction. The geology of the county consists of volcanic rocks, which influence formation of magnificent natural features such as “God’s bridge” along Nyamindi River, and the seven spectacular water falls within the county.

The county has a tropical climate and an equatorial rainfall pattern. The climatic condition is influenced by the county position along the equator and its position on the windward side of Mt Kenya. The county has two rainy seasons, the long rains which average 2,146 mm and occur between the months of March to May and the short rains which average 1,212 mm and occur between the months of October to November. The amount of rainfall declines from the high altitude slopes of Mt. Kenya towards the Semi-arid zones in the eastern part of Mwea constituency. The temperature ranges from a mean of 8.1⁰C in the upper zones to 30.3⁰C in the lower zones during the hot season.

The total labour force in the county currently stands at 338,229 persons comprising of 167,676 male and 170,554 female, this comprises 61.5 percent of the total population. The number of people employed by agriculture stands at 193,257 and those in rural self employment are while those in wage employment are 22,828. The urban self employed are 39,365. The number of unemployed people in the county stands at 67,003 persons with 32,951 being male and 34,052

being female, this represents 19.8 percent of the total labour force who are mostly youth. The number of unemployed people in the county stands at 67,003 persons with 32,951 being male and 34,052 being female, this represents 19.8 percent of the total labour force who are mostly youth.

2.0 INTRODUCTION ON CTIP

The preparation of the County Transition Implementation Plan is guided by the statutory obligations under the section 16 of the Transition to Devolved Government (TDG) Act 2012 that obligates Counties to submit, to the Transition Authority and the Commission for the Implementation of the Constitution, a transition plan and progress reports within a period specified by the Commission for the Implementation of the Constitution, with copies to County Government Coordinating Summit and the Council of County Governors.

The preparation of Kirinyaga County Transition Implementation Plan has been guided by the guidelines issued by the Transition Authority and the Commission for the Implementation of the Constitution. This plan will form the basis for the preparation of Quarterly Progress Reports. As agreed, Subsequent progress reports will be on succeeding quarters, that is, June - August, 2014 to reach CIC and TA by the 15th of September 2014; September - November 2014, to reach CIC and TA by the 15th of December, 2014, and so on. TA and CIC shall use these reports to meet their statutory requirements under Section 16 of the TDG act and other laws.

The outline of this Plan is as follows; Section 1 gives brief information about Kirinyaga County on its location, physical features and demographic statistics. Section 2 is concerned with the legal framework for preparation of the CTIP, while section 3 deals with plans for enactment of various Legislations to facilitate implementation of functions taken up by Kirinyaga County. Section 4 and 5 are about preparations of others County Plans and Framework for Service Delivery in the County, respectively. These County Plans include, County Integrated Development Plan, County Transition Implementation Plan, Sectoral Plans, County Spatial Plans, County Development Plan, Cities and Urban Plan e. t. c.

Section 6 deals with Capacity Building and Assessment Plans while section 7 is about infrastructure and systems. Section 8 and 9 are concerned with Financial Management Systems and plans for County Assembly role for Legislative, Oversight & Representation respectively. Section 10 is concerned with plan for inter-governmental relation framework in the county,

among counties and with the national government. Chapters 11 and 12 deal with establishment of regulations and laws for public participation in governance and service delivery at the county level and petition to County Assembly plus Civic Education programmes in the County.

This CTIP will ensure proper frameworks for total decentralization of structures, staff and functions as required by the constitution.

3.0 LEGISLATION TO FACILITATE IMPLEMENTATION OF FUNCTIONS TAKEN UP

Section 23 (2) of the Transition to Devolved Government Act, 2012 provides that after the initial transfer of functions every county government shall make a request in the prescribed manner to the Authority for transfer of other functions in accordance with section 15 of the Sixth Schedule to the Constitution. Kirinyaga County made requests and received the transfer of functions as detailed in the table below. The table also shows the required policies, laws and regulations that have been developed or are in the process of being developed to facilitate implementation of functions as well as the status.

Devolved Functions	Legislation to be developed	Action by	Current status
Agriculture			
Livestock sale yards	Kirinyaga county livestock sales yard bill, 2014	CEC Agriculture/CA	Forwarded to CA

Ensuring and coordinating the participation of communities and locations in governance at the local level and assisting communities and locations to develop the administrative capacity for the effective exercise of the functions and powers and participation in governance at the local level.	Kirinyaga County public participation bill	CEC Finance/ CA	Being drafted

4.0 COUNTY PLANS

Kirinyaga County has made significant progress in development of various plans required to be formulated under the Constitution, Transition to Devolved Government Act 2012 and the Public Finance Management Act 2012. These plans, as it shall be detailed below, are at various stages of inception and progress. Some are at the County Assembly awaiting approval, while some have been budgeted for development in the 2014-2015 financial year.

County Transition Implementation Plan

Preparation of this CTIP is spear-headed by the CEC Finance and Economic Planning in conjunction with Clerk, County Assembly. This document is duly expected to be submitted to TA and CIC by the agreed deadline of 15th of May 2014, with progress reports submitted, provided that The first report should cover January- May 2014 and should reach CIC and TA by 15th June 2014. Subsequent reports should be on succeeding quarters, that is, June - August, 2014 to reach CIC and TA by the 15th of September 2014; September - November 2014, to reach CIC and TA by the 15th of December, 2014, and so on.

County Integrated Development Plan

The CIDP has already been prepared and subjected to stakeholders' validation process. Currently the plan was approved by County Assembly in Q4 of 2013-2014 financial year. Preparation of the CIDP was directed by CEC Finance and Planning, who was in charge of the preparation process, the Speaker, Leader of Majority (head of house business committee) and Clerk county assembly, who spear-headed the validation and approval process at the County Assembly.

Having been approved by CA, it is expected that this vital document will form the basis of development in the County in the next 5 years

County Sectoral Plans

Preparation of sectoral plans in Kirinyaga County is yet to keep off although this exercise is planned for 2014-2015 financial year. It is expected that by the end of Q4 of the next financial

year, these plans will be in place for each of the sector. The process of preparation of these plans will be spear-headed by the respective Chief Officers under whose dockets the respective sectors lie. These sectoral plans will cover a period of 10 years, reviewed after every 5 years and updated annually, as provided in the County Government Act 2012.

County Spatial Plan

Preparation of County Spatial Plan is planned for the next financial year, where a budget of Kshs 47 Million has been set aside for the exercise. This ten year county GIS based database system spatial plan for each county shall be a component part of the county integrated development plan. Due to huge amount of work expected and professional services required, it is expected that Expression of Interest will be issued, and firms procured to provide some of the services. Thus by Q4 of 2014-2015, it is expected that this spatial plan for Kirinyaga County will be in place. Preparation of this plan will be cross cutting different county departments, with CEC Finance and Planning, CEC Physical planning, Lands and Housing expected to oversee the preparation of this Plan.

Cities and Urban Area Plans

In Kirinyaga County, Kshs 47 million has been factored in the 2014-2015 budget to finance preparation of Town Zoning and Development Plans for all the major urban areas in the county. 4 towns and urban areas are planned for this exercise, namely Kerugoya, Kutus, Wanguru and Kagio. Thus it is expected that by end of Q4 of 2014-2015 financial year, these plans will be in place, and will be subject to review after every 5 years

The process of preparation of these plans will be spear-headed by the CEC Finance/Planning and CEC Physical planning, Lands and housing

County Development Plan

This is an annual plan that is a statutory requirement under the Public Finance Management Act 2012. The act requires the County Executive Committee member responsible for planning to prepare the development plan not later than the 1st September in each year, and submit the development plan to the county assembly for its approval, and send a copy to the Commission on

Revenue Allocation and the National Treasury. This plan will be prepared in the first quarter of each financial year.

5.0 FRAMEWORK FOR SERVICE DELIVERY

Trade development (Marketing, Trade licensing, regulation, fair trading practices, cooperative societies), **economic planning and Budgeting** (Development planning and county statistics and County Budgeting) and **Local Tourism**. Under these functions the following departments have been established Department of trade weights and measures, Marketing Department, Economic planning Department, Statistics Department, Tourism Department and cooperative development department, The office of the director Tourism trade industry and enterprise development, Budgeting and cooperative development have been created and filled, the office of the director of economic planning and the office of the chief officer economic planning and marketing, to be filled in the 1st quarter of financial year 2014/2015.

County Health Services: The devolved specific functions are; all county health facilities and pharmacies, Ambulance services, promotion of primary health care, licensing and control of undertakings that sell food to the public, refuse removal, refuse dumps and solid waste disposal. Offices created are The County Director of Health which was established and filled in fourth quarter of financial year 2013/2014.

Agriculture; The specific functions that have been devolved are livestock sale yards; county abattoirs/slaughter house services, crop and animal husbandry, plant and animal disease control; and fisheries, veterinary services (excluding regulation of the profession); the following departments, agriculture, livestock, veterinary and fisheries. **Animal control and Welfare:** licensing of dogs and facilities for the accommodation, care and burial of animals. The offices that have been established and filled are the office of the Director of Agriculture and the office of the Director of livestock, veterinary and fisheries during the second quarter of 2013/14 financial year.

Implementation of specific national government policies on natural resources and environment the specific functions that have been devolved are; conservation and protection of water springs, protection of wells and dams, soil and water conservation and forestry. The

departments of environment, water, and department of natural resources have been established. The office of the director of water services has already been created and expected to be filled in the first quarter of financial year 2014/2015.

Land survey, mapping, boundaries, fencing, housing, electricity, gas reticulation and energy regulation. The departments under this function are lands, physical planning and housing. The offices established are the office of the director of lands, physical planning and housing, and the office of chief officer lands, physical planning and housing are to be filled in the first quarter of the financial year 2014/2015.

Public works functions; storm water management systems in built-up areas and Water and sanitation services **County Transport function:** access roads, street lighting, traffic and parking, County roads, public road transport. the departments include transport and infrastructure, and public works. The office to be established is the office of the director of transport and infrastructure which is expected to be in place in the first quarter of the financial year 2014/2015.

Cultural services, public entertainment and public amenities: the specific functions include liquor licensing, video shows and hiring, sports and cultural activities and facilities, county parks, and recreation facilities and libraries and Control of drugs and pornography. The departments under this function include (culture, social services, children and gender)and youth and sport development. The office created is the office of the director of youth, culture, social services and gender to be staffed first quarter of the financial year 2014/2015.

Education and public service function: under this function the departments that have been established are the department of education, department of vocational education and training and county public service board and human resource department. The offices that have been established are the office of the director of education, director of vocational education and training and county public service board. The office of the director of human resource is expected to be established in the second quarter of financial year 2014/2015.

Other offices that have been established by the county public service board includes the office of chief officer legal security and Diaspora relation, the office of the sub county administrator and director of Governor's press service.

Departmental Organization Structures

All departments that are created will be expected to forward their comprehensive departmental organization structures together with their optimal staffing levels for efficient service delivery to the county public service for review and approval within the first quarter of financial year 2014/2015.

Staffing Levels

The county public service board conducted the HR audit and the data is been processed, from the analysis of this data existing gaps in terms of staffing level in various cadres will be identified and make recommendations on how to fill the gaps through deployment, redeployment and recruitments were applicable.

The head count analysis and recommendations are expected to be through in the fourth quarter of this financial year and the implementation to be done in the first quarter of the financial year 2014/2015.

Documentation of Key Elements For Service Delivery

The description and documentation of the key elements of modalities and systems to be applied in the service delivery includes:

Performance contraction: the chief officers will be expected to sign performance contract with respective county executive members based on the department plans which are expected to be derived from the county strategic plan. The other cadre of the county public service will sign performance contracts with the Chief Officers.

Performance appraisal: All the county staff will be required to develop their individual work plans derived from their respective departmental plan and in agreement with their supervisors set the goals/targets they intend to achieve during the appraisal period 2014/2015.

Customer satisfaction survey: periodic customer satisfaction survey will be conducted to get the feedback from the clients/customer on our service delivery.

Public participation: This provides the member of the public a forum in which they are expected to give a feedback on service delivery and give their views on how to improve on service delivery.

Quality management system (QMS)ISO certification: the county is committed to put in place quality management system (QMS) to improve on service delivery.

Service charter: all departments will be required to develop service charter indicating what services they offer and how they offer them and what is required of the customer for efficient service delivery.

6.0 CAPACITY BUILDING

4.1 Plan for Capacity Assessment

The County has embarked on a human resource audit exercise to establish its human capital in terms of staffing levels in various cadres and also skills and competences with the aim of identify existing gaps, from which deployment, redeployment and recruitment where possible to achieve the optimal staffing level. Capacity building programmes will be developed to enhance staff skills and competences. Human resourced data was collected in the month of April 2014 and is been processed an exercise which is expected to be finished by the end of June 2014. The County Secretary in conjunction with the County Public Service Board will spear-head the completion of this exercise.

4.2 Plan for Capacity Building

Upon completion of human resource data processing and having identified the existing gaps in skills and competences, appropriate capacity building programmes (CBP) will be developed in the next financial year 2014/2015 in the months August/September, as fund for capacity building is factored in the budget. It is expected that each department will roll-out its own training programme, since different departments have different skill gaps. Thus the process of capacity building will be a rolling exercise that will cover the entire transition period.

The national government has continued to provide capacity building programmes developed by government training institutes (GTIs) to the devolved staff and has extended the same to the counties especially on devolution and financial management eg integrated personal payroll data (IPPD), financial management information system (IFMIS), and budgeting, Also it allowed counties to use it training facilities for capacity building. The county training advisory committee (CTAC), which will be mandated to formulate and implement training policies and procedures and also coordinate all training matters in the county. The committee is expected to be in place in first quarter of 2014/2015 financial year.

7.0 INFRASTRUCTURE AND SYSTEMS

The county government has established different offices such as the office of the Governor and his deputy and County Executive Committee Members based at rental office space at Kutus. The directors of different departments are housed at the Former District headquarters complex in Kerugoya. Plans are underway to construct the County Headquarters at Kutus where 5 Acres of land has already been identified and procurement for contractors in the 2015/16 financial year is planned . Road network infrastructure plans have been undertaken where the county has purchased two lorries, two graders and three vehicles. There has also been rehabilitation of Kerugoya Market and other markets are work in progress.

Likewise, the County government of Kirinyaga plans to undertake performance appraisal, Quality Management System, a comprehensive asset inventory and asset management system by the second quarter of 2014/15 financial year.

The county public service board was established in the second quarter of 2013/14 financial year and has undertaken staff audit in the third quarter of 2013/14 financial year. Plans are also underway to identify human resource gaps for further necessary action and are expected to be completed during the second quarter of 2014/15 financial year.

The procurement and disposal framework was completed in the first quarter of 2013/14 financial year and the tender opening committee, tender evaluation committee, negotiation committee and inspection and acceptance committee have all been established and operational.

Monitoring and evaluation framework and system has been proposed for implementation effective July 2014, this is a powerful public management tool that can be used to help policymakers and decision-makers track progress and demonstrate the impact of a given project, program, or policy and therefore there is need to develop harmonized standards to guide appraisals, planning, monitoring and evaluation of projects; there is a need to develop a centralised project information system whose output shall be annual and quarterly project implementation progress reports. An M&E Policy will give guidelines on reporting at the County. All sectors need to embrace M&E culture for us to realize the aspirations of devolution, this will enable us put development on track and offer opportunity of undertaking corrective measures

during implementation of County government Programmes and projects track Implementation and Compliance that will Focus on (Input and Output) i.e. assessing how well a project, Programme or policy is being implemented

8.0 FINANCIAL MANAGEMENT SYSTEMS

This section presents overview of plans to establish a well functioning County Treasury, as required by the Public Finance Management Act 2012. Kirinyaga County has already made significant progress in meeting the various statutory requirements in as far as establishment of a county treasury is concerned.

The constitution requires County Government to adopt a Financial Management System prescribed by the National Government and as prescribed by the Accounting Standards Board , provided that that system preserves the independence of management of finance between the two levels of government. Towards this, Kirinyaga County treasury has already adopted the Integrated Financial Management Information System that is operationalized by the National Treasury.

The county treasury has already established the required bank accounts, with the County Revenue Fund operated at the Central Bank, the Kirinyaga County Exchequer Account. Likewise, there is established a Kirinyaga Country Treasury Single Account, as required by section 119(2) of PFM Act 2012, through which payments of money to and by the various county government entities are to be made. This account was established by april 2013, at KCB.

Kirinyaga Country Treasury has an established County Internal Audit Unit, which was operationalized in April 2013, and currently the internal audit unit has 5 qualified Internal Auditors. Likewise, the County Budget and Economic Forum has been constituted by the Governor and its operational cost factored in the 2014-2015 budget.

Currently, the County Treasury uses Local Authority Integrated Financial Operating Management System as system for revenue collection. This was the revenue collection system previously in use by the defunct local governments. Effective July 1 2014, an automated Revenue Collection System will be implemented in phases.

In the next financial year, it is expected that various County regulations and laws required under the Public Finance Management Act will be prepared by County Treasury and enacted by county assembly. Among the regulations to be enacted include;

- Development of framework for debt control for the county, including debt ceiling, that is, levels of debt as a percentage of the County's last audited revenues. These regulations will also include regulations for writing off County public debt by accounting officers.
- Regulations and policy framework to oversee establishment and administration of County Emergence Fund.
- Regulations to oversee investment by County Treasury.
- Regulations prescribing format and content of the annual cash flow projections.
- Regulations providing for administration, control and management of grants
- Regulations to oversee development of annual monitoring and evaluation report of all county projects and programmes.

9.0 COUNTY ASSEMBLY

The Kirinyaga County Assembly was established in March 2013 and consists of the Speaker, Deputy Speaker, twenty elected and seven nominated County Assembly Members (MCA's). The legislations required by the County Assembly (CA) to execute their functions include

- i. Kirinyaga County public participation bill – The bill is being drafted and will be tabled in the CA by the first quarter of 2014/15 FY
- ii. Kirinyaga County right to petition public officers bill – To be drafted by the CA by the second quarter of 2014/15 FY
- iii. Kirinyaga County ward development fund bill
- iv. Kirinyaga County Assembly car loans regulations, 2014 – Currently being discussed to be complete in first quarter of FY 2014/15
- v. Kirinyaga County Assembly mortgages scheme fund regulations, 2014 – To be completed in third quarter of FY 2014/15

Kirinyaga County assembly has established various committees which are required to carry out their oversight and representation roles. These committees are divided into two i.e. Select committees and sectoral committees as listed below:

Select Committees

1. Business committee
2. Committee of appointments
3. Committee of selection
4. Procedures and rules committee
5. Public investment and accounts committee
6. Budget and appropriations committee
7. Committee of implementation
8. Committee of delegated legislation

Sectoral Committees

1. Culture, social services, gender, youth and sports
2. Physical planning and housing
3. Cooperative development, tourism, trade, industry and enterprise development
4. Education
5. Transport and public works
6. Medical services, public health and sanitation
7. Environment and natural resources
8. Agriculture, livestock, veterinary and fisheries
9. Finance and economic planning

10.0 INTERGOVERNMENTAL MECHANISM

There shall be established a mechanism to facilitate co-ordination, collaboration and cooperation within the county, between counties and between the county and the national Government this shall be undertaken through formation of different committees.

The County Intergovernmental Forum is responsible for harmonization of services rendered in the County, coordination of development activities in the County and coordination of intergovernmental functions. The forum was established by the third quarter of 2013/14.

County Policing Authority responsible for county community policing guidelines, policies, local community policing structures and community policing reports. The Authority is yet to be established though advertisement for authority members has been made, and plans are underway by the third quarter of 2014/15 financial year for it to be in place.

Joint intergovernmental Technical Committee. This committee shall be composed of members from the National Government and representatives of the county government and independent commissions. The role shall be to review any action of intervention, the progress on resolving the county government's financial problems and the recovery plan and the effectiveness of the recovery plans, Submission of progress reports on intervention. The committee is yet to be established but consultations are underway and are expected to be finalized by fourth quarter of 2014/15.

Intergovernmental budget and Economic Council (IBEC) the purpose of the Council is to provide a forum for consultation and cooperation between the national government and county governments on the contents of the Budget Policy Statement, the Budget Review and Outlook Paper and the Medium-Term Debt Management Strategy. Not later than the 15th June of each financial year, every county government should prepare an annual cash flow projection for the county for the next financial year, and submit the cash flow projection to the Controller of Budget with copies to the Intergovernmental Budget and Economic Council and the National

Treasury. The Intergovernmental Budget and Economic Council may agree on regulations with guidelines for county government joint infrastructure investments. Currently this is in place.

Sectoral Intergovernmental consultative Forum is responsible for harmonization of services rendered, coordination of development activities within sectors and coordination of intergovernmental functions the forum is to be established by the third quarter of 2014/15.

11.0 PUBLIC PARTICIPATION

Currently the county has not established laws to govern framework for public participation in affairs of the county government as required. A draft bill, Kirinyaga County Public Participation bill has been prepared, and is still going through stakeholders review and analysis before it is taken to the County Assembly for enactment. This process is expected to be completed by 3rd quarter 2014-2015.

Whereas the county hasn't enacted the public participation bill, the public has been involved in all the major forums requiring public participation, from preparation of Budget Review and Outlook Paper, County Fiscal Strategy Paper, County Integrated Development Plan, Finance Bill and other budgeting documentation Processes. But it is expected that Speaker, County Assembly, Leader of Majority and Clerk will spear-head the enactment of this act.

Likewise, Frameworks for the realisation of the right to petition public offices by members of the public have not been enacted. Currently the only guidelines to oversee public petitions are those of the national government, The Petition to Parliament Procedure Act, 2012. This process of developing legislation for right to petition, is expected to be completed by 3rd quarter of 2014-2015 financial year.

Section 119 of County Government Act requires County Executive Committee to establish well functioning Citizen Service Centers at the County, Sub-county, ward and other lower decentralized levels. A Citizens' Service Centre shall serve as the central office for the provision by the county executive committee in conjunction with the national government of public services to the county citizens. Currently the county has yet to establish such centers, although modalities are in place to adopt the framework of the Huduma Centers, as developed by the National Government. This task of development of Citizen Service Centers will be spear-headed by the County Secretary, and is expected that by the 3rd quarter 2014-2015, the centers will be in place.

12.0 CIVIC EDUCATION

The purpose of civic education is to have an informed citizenry that actively participates in governance affairs of the County on the basis of enhanced knowledge, understanding and ownership of the projects, Programmes and policies. Civic education is a requirement under Section 98-101 of the County Government Act 2012.

Kirinyaga County does not have an appropriate civic education Programme that establishes the curriculum for civic education. The design and implementation of county civic education Programmes and legislation shall provide the requisite institutional framework for purposes of facilitating and implementing civic education Programmes.

The civic education framework should be undertaken in collaboration with the National Government by the end of the 2015/16 financial year.

IMPLEMENTATION MATRIX OUTLINE
