PREFACE

I am honored to present the 3rd quarter County Government Budget Implementation Review Report (CBIRR) for FY 2019/20.

This report presents the progress made in budget implementation by the County for the period January to March, 2020. The analyses and findings are anchored on provisions of the Constitution of Kenya 2010, the Public Finance Management (PFM) Act, 2012, and best practice in public financial management. The report also highlights the achievements and challenges encountered during the reporting period and further contains recommendations to address the challenges.

Preparation of this report has been made possible by the concerted efforts of the staff from the County departments and the County Treasury. As such, I am particularly, grateful to the staff in the Budget office and the County Treasury for their contribution towards the preparation of this report.

This report is intended to inform stakeholders, policy makers, analysts and members of the public on the status of the County budget implementation. I urge all readers to continually take interest in budget implementation, and also implore the County departments to publicly avail information on budget implementation in order to enhance accountability and openness in the use of public resources.

The best performing programs across the County were: Preventive and Promotive Health Services at 86.1 per cent, Special Programs at 80.3 per cent, Education's Administrative Services at 71.7 per cent, and Management of County Affairs at 67.4 per cent of budget allocation.

Key Observations and Recommendations

The County has improved in its own source revenue performance for the period under review and managed to collect Kshs. 205.21 million representing a 7.8 per cent growth as compared to the Kshs. 190.35 million

realised during the nine months of the previous year. The nine months collection for the 2019/20 financial year also represents 76.8 per cent against the annual revenue target of Kshs.267.03 million.

The county however had the following challenges that hampered effective budget implementation during the reporting period;

1. Low absorption of development funds in the first nine months of FY 2019/2020. The County requested for Kshs.57.74 million out of annual development budget of Kshs.2.44 billion. Additionally, total commitments on development activities were Kshs. 147.37 million representing 6.0 per cent of the annual development.
2. A high wage bill, which accounted for 63.3 per cent of the total expenditure in the First Nine Months of FY 2019/20 thus constraining funding to other programmes.

The County should implement the following recommendations in order to improve budget execution;

1. *The County should identify and address issues causing delays in the implementation of development projects.*
2. *The County Public Service Board should establish an optimal staffing structure in order to ensure a sustainable wage bill.*
